As mayor of the City of Hamtramck, Michigan, I express my support for the efforts of the American Human Rights Council (AHRC) as it advocates for a more humane and just world that recognizes and protects the essential dignity and inalienable rights of all human beings, regardless of skin color, religious belief or nonbelief, gender or gender identification, sexual orientation, political position or activity, or economic status.

Best wishes in your work.

Karen Majewski, Mayor  
City of Hamtramck
